

MEJO 531 Assignment | Case Brief Outline and Sources | Due Thursday, April 1, 5 p.m.

This assignment is designed to help keep you on track to complete your final case brief. Bottom line, it's not the kind of assignment you should save until the night before it's due! Same routine as for the midterm case brief.

Here's what you submit:

1. **Outline or summary of your case brief** – this doesn't have to be the formal Roman numeral thing, but you should sketch out the areas that you will cover in this assignment. A paragraph is fine.
2. **Five sources** – Locate and **properly cite** at least 5 sources that you think will help you create your case brief. You may find others and you may determine some of these 5 aren't as relevant as you initially expected. That's fine! This is just to get the gears moving.

Please submit your assignment on Sakai in the Assignment tab (how original!) by **5 p.m. Thursday, April 1.**

Looking forward to seeing what exciting case ideas you have!!
