PeerWise Study Design

(Fall 19- Human A&P)

239 students

Pre-intervention

Pre- intervention test

Quartile 1
(56)

Quartile 2
(65)

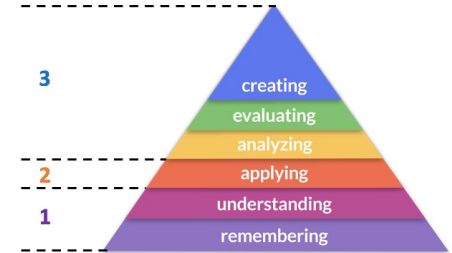

Quartile 3
(60)

Quartile 4
(58)

Intervention (PW activity)

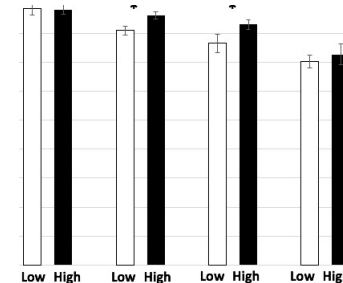

Rating PW questions
(PW score 1-3)

Post- intervention exam

Comparison of performance
between low and high PW
score within each quartile

Assessment

Creating higher order PeerWise questions is correlated with improved performance in higher order exam questions
