(1) Pre-Review Conversation

Meeting: (date) ________________ (time) ________________

Discuss/Identify dossier and related materials to be provided to the Reviewer:

__ CV / full dossier
__ Syllabi from courses taught
__ Access to Sakai site or online materials
__ Sample items to assess student learning
__ Feedback/communications from students/alumnae
__ Teaching load (other research / service)
__ Leadership or service on teaching to Dept./field
__ Research on teaching (Scholarship of Teaching and Learning projects)
__ Professional development in teaching
__ Issues on which Reviewer might focus: (i.e., active-learning, educational technology, teaching strategies, student engagement)

Other: ____________________________________________________________
(2) Teaching Observation and Review of Materials

Indicate the course teaching format and how the classroom observation was conducted:

Mode of Teaching:___________  Observation conducted: ___In-person ___ via Zoom synchronous ___or watching a recording

Several templates exist to document evidence of effective teaching and learning during any course observation (methods-based, time-based, etc.); See https://go.unc.edu/peer-observation for examples. Choose one to use during your classroom observation. The External Reviewer should take notes during the course observation on aspects such as: course/unit goals, content, and alignment; teaching practices; achievement of learning outcomes; classroom culture and student perceptions; student engagement; classroom culture; overall areas of strength or opportunities for improvement.

CFE Guiding Principles for Observing Classes:

1. **Arrive early and plan to stay the whole time.** Observe from a position minimally distracting to students and the instructor. Note the physical arrangement of the room or online tools/structure, student interactions with instructor and students, listen to students before and after class as appropriate to document level of interaction and any expectations or attitudes expressed.

2. **Observe both verbal and non-verbal behaviors** and document what happened (not your interpretation). Note pedagogy styles and the use of time by students and the instructor.

3. **Monitor time** when observing a class. Note the time in the margin when taking notes to put class structure in context.

4. **Prepare feedback that is descriptive and specific**, focusing on behaviors that can be changed. Acknowledge the instructor’s strengths and efforts to improve. Use constructive feedback characterized by positive phrasing, concreteness, and a specific plan of action.

Course Information for Class Observation:

Course Dept., Number, & Section:____________________________________________________________________

Course Title: _____________________________________________________________________________

Mode:________ Location:_____________________________ Class Meeting schedule: ________________________________

Format: (FY seminar, lab, studio, dramatic arts)____________________________________________________

Enrollment: ___25 or fewer ___26-50 ___51-100 ___101-200 ___200 or more
NOTE: Several templates are available to be used for Class Observations. Sample methods-based or time-based forms are on the [CFE Faculty Peer Visits website](http://example.com). Choose a course observation template to help you take notes on evidence of teaching effectiveness and student learning.

The Reviewer should use their notes to inform the Post-Review Conversation and External Letter to the Department Chair. After the full External Review is complete and Letter is submitted to the Department Chair, the External Reviewer should destroy all documents.

### 3) Conduct an Overall External Review of Teaching, Advising, Mentoring, Scholarship, and Service

The College has adopted a multidimensional rubric of 7 categories to support a more comprehensive review of teaching at Carolina. The rubric includes guiding questions and expectations for each dimension. We encourage Reviewers to adapt the rubric to fit disciplinary expectations and to weight areas most meaningful. The Classroom Observation component is only one piece of data.

*The categories below are designed to align with [Carolina Next: Innovations for Public Good](http://example.com) and [CAS Departmental Faculty Personnel Guidelines](http://example.com). We acknowledge they are adapted from the Bay View Alliance and University of Kansas Rubric for Faculty Teaching Effectiveness. Follmer Greenhoot, A., Ward, D., & Bernstein, D. (2017), *Benchmarks for Teaching Effectiveness*, designed to build consensus on effective teaching in a research university.*

</tr>
</thead>
<tbody>
<tr>
<td><strong>Goals, Content, and Alignment</strong>&lt;br&gt;What are students expected to learn from the course? Are course goals appropriately challenging? Are assessments aligned with learning goals?</td>
<td>• Course goals are well-articulated, high quality, and clearly connect to program/curricular goals&lt;br&gt;• Content is challenging, innovative or related to current issues in the field&lt;br&gt;• Topics include appropriate range and depth, with integration across topics or global education issues as appropriate&lt;br&gt;• Materials are high quality, demonstrate creativity, diverse points of view, and well-aligned with content and course goals</td>
<td></td>
</tr>
<tr>
<td><strong>Teaching Practices</strong>&lt;br&gt;How is in-class and out-of-class time used? What assignments, assessments, and learning activities are implemented to help students learn? Is there a sound framework</td>
<td>• Students engage in active or applied learning&lt;br&gt;• Activities are well planned, integrated, and reflect commitment to providing meaningful assignments and assessments&lt;br&gt;• Uses effective, high-impact, or innovative methods to improve understanding</td>
<td></td>
</tr>
</tbody>
</table>
| behind the structure of the course syllabus? | • Models inclusive teaching to promote diversity and support learning by all students  
• In and out-of-class activities provide opportunities for practice and feedback on important skills and concepts  
• Appropriate choices and uses of technologies or other innovations used by instructor or students  
• Students show high levels of engagement  
• Facilitates student success using active-learning, experiential, or collaborative learning

| Achievement of Learning Outcomes  
What impact do these courses have on learners?  
What evidence shows the level of student understanding? | • Standards for evaluating students are equitable and connected to program or curricular expectations  
• Authentic assessments are used  
• Quality of learning supports success in other contexts (e.g., subsequent courses or non-classroom venues), or is increasing within or across semesters

| Classroom Culture and Student Perceptions  
What are the students’ views of their learning experiences?  
How has student feedback informed the faculty member’s teaching? | • Evidence that classroom climate is respectful, cooperative, and encourages student listening, respect, civil discussion, motivation, and engagement  
• Student feedback on teaching clarity, enthusiasm for subject, accessibility, and interaction skills is generally positive  
• Extent and nature of rapport between teacher and students is positive

<th><strong>Evidence (verbal and non-verbal) of Extraordinary Performance</strong></th>
</tr>
</thead>
</table>
| • Students perceive that they are learning important skills or knowledge  
  • Instructor is responsive to student feedback in the short-term and long-term, or uses feedback to inform teaching | |
| **Mentoring and Advising**  
**Has the faculty member worked individually with undergraduate or graduate students, or faculty?** | • Evidence of exceptional quality and time commitment to advising and mentoring as appropriate to the discipline or department |
| **Reflection and Iterative growth**  
**How has the faculty member’s teaching changed over time?**  
**How has this been informed by evidence of student learning?** | • Regularly makes adjustments to teaching based on reflections about student learning (within or across semesters)  
  • Examines student performance following adjustments  
  • Reports improved student achievement of learning goals based on past course modifications |
| **Involvement in Teaching Service, Scholarship, or Community** | • Regular involvement in teaching-related committees, engagement with peers on teaching (e.g., teaching-related presentations or workshops) |
| In what ways has the instructor contributed to the broader teaching community, both on and off campus? | · Occasional (or more) local or external presentations or publications to share practices or results of teaching  
· Contributes to department or university curricular planning or assessment  
· Advanced-Scholarly publications or grant applications related to teaching |

| Overall Areas of Strength (describe any areas of strength demonstrated) | |

| Overall opportunities for improvement (if appropriate, describe any potential areas for teaching development or improving student learning) | |

| Reviewer Notes to include in Overall Evaluation and Letter of Support | |
(4) Post-Review Conversation

___ Reflect on Pre-Review Conversation meeting items:
   ___ Instructor reflections and feedback

___ Review and discuss Course Observation feedback:
   ___ Instructor reflections and feedback on the class during date of Course Observation
      (was it typical or representative? Instructor’s view whether it went as planned?)
   ___ Reviewer reflections and feedback on teaching

___ Focus on specific behaviors for teaching excellence:
   ___ Instructor reflections on areas of strength or opportunities for improvement
   ___ Reviewer summary of observations / recommendations

___ Focus on student learning and success:
   ___ How well did course planning and activities support course goals and facilitate student success?

___ Discuss overall review:
   ___ Reviewer provides overall summary and key findings
   ___ Instructor has opportunity to share responses to summary findings

(5) Key Items to Include in External Review Letter to Department Chair
___ Identify shared items to include in external review letter to Dept. Chair
___ Confirm deadline to submit external review letter to Department Chair (at least one week prior to full dossier submission by Chair)
(6) Provide External Review Letter to Department Chair at least one week before full dossier deadline set by the College. Review Committee member who conducts external review must provide the external review letter to the Department Chair of the faculty member reviewed on or before the deadline set by the College or by the date set by the Chair.
